GROHE EUROCUBE JOY

MAKE A CLEAR STATEMENT

MASTERS OF TECHNOLOGY
Master of Technology, uses a force meter to determine how little pressure is needed to operate a joystick lever fitted with GROHE FeatherControl technology.
GROHE’s people have been regarded by their peers in the industry as Masters of Technology, because of their innovations, outstanding design and award-winning fittings.

By a combination of their advanced craftsmanship and their cutting-edge approach to effective teamwork and processes, our Masters of Technology take the lead in developing, designing and manufacturing our outstanding product range, all the while testing and fine-tuning each piece to ensure continued customer satisfaction.

The result: Timeless design. And quality that lasts a lifetime. Again and again GROHE products surprise users with unique features that provide ‘Pure Freude an Wasser’. When you use a GROHE product you can feel the difference. Time after time.

Take for example the new GROHE Eurocube Joy faucet range. The design is reduced to perfectly square shapes. It is a cosmopolitan offering, created to complement the most modern of interior spaces. Its pure cubic form and flawless surfaces radiate precision craftsmanship. The increased spout height is designed to offer greater ease of access and user comfort. At the same time the GROHE FeatherControl cartridge offers light-as-a-feather operation and precise control of water flow and temperature, guaranteed to last for the life of the faucet.

Another feature of GROHE Eurocube Joy is the lasting quality of the surfaces. Thanks to the GROHE StarLight® coating, the faucet is incredibly scratch-resistant, meaning the dazzling surface won’t mark or tarnish.
Making a clear statement

Straightforward, attractive and always focused on the essential. Cosmopolitan life in the teeming city becomes a bit more manageable if you are surrounded by straight lines. The overarching concept of GROHE Eurocube Joy evokes the dynamic lifestyle of busy people and celebrates the dramatic beauty of the cube. Enjoy a bit of clarity.
Pure metropolitan design. No ifs, no buts, no deviations. Eurocube Joy bathroom architecture has that clear sense of rigour that comes with innovative technology, exemplified by GROHE’s FeatherControl joystick cartridge technology.
Clear profile. The minimalist joystick operation and bold, artistic design combine to form a greater whole.
Wide choice. Eurocube Joy is a cosmopolitan offering, created to complement the most modern of interior spaces. The new Eurocube offers beautifully co-ordinated cubic design.
MOMENTS OF TRUTH

GROHE’s Masters of Technology announce the innovative quality of their work in so-called “Moments of Truth”. These are the moments when the end-user becomes aware of the tangible benefits that the product offers, as well as the achievement that it represents, for the very first time. At these times, all the efforts that have gone into research, development, production and refinement result in genuine delight and authentic satisfaction for the customer.

GROHE FEATHERCONTROL

**Tap operation that is as light as a feather.** Smooth joystick handling for effortless precision and ultimate convenience to last a lifetime. The brand new GROHE FeatherControl cartridge brings joystick control to a whole new level. Using state-of-the-art coated ceramic discs and an innovative sealing, the GROHE engineers have created a joystick cartridge with a wider volume and temperature angle – for a more precise control – with the same silky smooth operation as our renowned GROHE SilkMove® cartridge. Only GROHE mixers deliver the unique GROHE FeatherControl experience. The solid smooth handling of our joystick-lever mixers perfectly expresses the quality and superiority of our brand.

Effortless fingertip control and silky smooth operation, thanks to the superior ceramic disc-coating.

The wide FeatherControl temperature angle ensures more precise temperature control.

Even after years GROHE FeatherControl guarantees the same smooth operation as on day one.

Available in Eurocube Joy and Eurodisc Joy design.
GOOD – BETTER – THE BEST: THE PERFECT SOLUTION FOR ANY BATHROOM

GROHE offers a wide range of perfectly co-ordinated bathroom solutions. A pleasant and relaxing bathroom experience can be a true moment of bliss, more so if the entire bathroom is perfectly matched to the user’s personal preferences. GROHE offers a wide range of cubic bathroom faucets catering to all needs and expectations.

For all those who want to upgrade their bathroom visually and functionally, GROHE offers three categories of products with different functionalities and technologies, all in a coherent design language.
